### SOUTHSIDE K. OF P. IN BIG GET-TOGETHER MEETING ON MONDAY

MESA, Jan. 15.—Plans for the biggest lodge meeting the south side has seen this year were put under way by Damon Lodge No. 15, Knights of Pythias, when it was learned that 31 candidates from the Chandler order will be here next Monday night to take the second degree, rank of esquire. The session is to be a general get-together of the three south side K. P. lodges—Tempe, Chandler and Mesa—and will be held on the regular meeting night of the local order, with Damon lodge playing the role of host.

With the Chandler order awakening in interest, 31 of its prospective members and as many knights journeyed to Tempe Tuesday night, where the order there put on the rank of page for the candidates. The degree work was followed with the presentation of the lesson of friendship and the evening concluded with a midnight luncheon.

The Mesa order, as host is contemplating a live and interesting program on the occasion of the visit of the Chandler and Tempe lodges here, and in addition to the 31 candidates for the second degree that Chandler will furnish has several local candidates who will be added to the class. It will be the biggest group ever given degree work since the organization of Damon lodge.

### GIRLS! IT'S ALL THE RAGE NOW

Use moist cloth! Double beauty of hair at once

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses and invigorates the scalp, stopping itching and falling hair. If you care for pretty, soft hair and lots of it, surely invest a few cents in a bottle of "Danderine" at any drug or toilet counter, and just try it.

Save your hair! Beautify it! You will say this was the best money you ever spent.

**WORLD ALMANAC, 1920**  
Contains More Information Than the Needs of Society Require

Among the latest books, but also among the first books of the new year, and in any event an up-to-the-minute book, The World Almanac for 1920 has been published. According to the impartial judgment of those concerned in its preparation and publication, it is the greatest ever. But any latest World Almanac is that. Ask the oldest reader. He knows. Matters as reasonable as the League of Nations and as unreasonable as the prohibition amendment are treated at length in this almanac, along with the income taxes, the recorded weather, the election results, the chronology and

death roll of 1919 and more matters besides than can be indicated outside of the book's own index.

Do you want to arrange a trip across America, hitting all the high spots? Here are ten pages of altitudes in the United States, not counting New York skyscrapers.

Do you want to know in how large a company you burn up gasoline and highways? Here is a census of motors in New York and a count of auto licenses in all the states.

Do you want to abuse the United States senate by its Christian—save the mark—names? Here are the rolls of the Sixty-sixth congress in full.

Do you want to know almost anything in sport, politics, trade, industry, religion, government, historical milestones, navies, armies, powers, kings, presidents and such? Here are the facts and the figures so far as possible official.

Someone, speaking of Thomas Babbington Macaulay, remarked on an occasion that he possessed more information than the needs of society required. The intent behind The World Almanac, obviously, is to keep we, apes with those needs. After a rather close examination of the 1920 issue, we are convinced that it is short of detail only on those affairs which will come to a head just in time for the 1921 book.

The World Almanac is published by the New York World. Price 50 cents, postpaid.

Mrs. Imso Lazee: "He looks like a big eater. I just know he will be wanting the church to have a lot of dinners and suppers and make a lot more work for us poor women! He just looks like a man who wouldn't have consideration for the women of the church when it comes to a question of having something to eat!"  
Mrs. White, who has a tall, thin, poetic husband: "He looks like my husband's type of man. I do hope he'll

induce my husband to come to church." Mrs. Black, who has a short, fat, very practical husband: "He looks like my husband's type of man. I do hope he'll induce my husband to come to church."  
What Every Girl Wishes the Index Pages of Novels Would Tell Her: Yes, there are plenty of heavy love scenes. See pages 23, 45, 89, 101, 102, 103, 120, 134, 135, 136, 208, 209, 210, 211, 212.

## STATE HIGHWAY NEWS

According to reports received from tourists coming in from all directions, road conditions are much better.

It is now possible to go to the coast by either route with very little trouble. Parties have been coming and going constantly with only the ordinary amount of trouble.

The road to Tucson is in better shape than it has been for several months. One party coming in yesterday claimed they had beaten the auto race time between Tucson and Phoenix.

An especially nice run for this time of year is from Phoenix to Castle Hot Springs. The road all the way up with the exception of a few bad spots, is in fair shape. It is possible to make the entire trip in four hours, arriving at the hotel in time for the noon meal. The road from the Junction is in very good shape, the last eight miles being the poorest.
